

FARMERS

Study your own interests. During the coming season we want to co-operate with every farmer and producer of farm products in this section of Utah in building up an adequate home market for produce.

To do this it will require that you give us the opportunity to buy your produce—not in meager little lots, but in quantities that will warrant us in making suitable marketing arrangements.

Remember that the more of your produce that we handle the better prices we can make you. Give us your trade and we will work to your interests.

In the meantime bear in mind that we specialize in Flour, Sugar, Seeds, Potatoes, Barley, Field Peas, Etc. Payson Flour is the best. Germade, Wheat Mash and Mill Products.

For the table and dairy nothing better than Carey Salt, Sulphur Blocks and Redmond Rock Salt—No. 2 for Sheep and No. 4 for Ice Cream. Castle Gate Coal and Hay and Grain.

"WE DO IT NOW."

When You Order Your Clothes For the Coming Season

Keep in mind the benefits that come from having your clothes tailor made. The suit made for you is unmistakably YOURS, for it is a body blueprint of you—no room measure out of material of your own selection. So, if you would have your clothes be YOURS, have them made for you.
